

How many of the following Conspiracy Theories did you fall for?

1. CO² "warms" the Earth [what is REALLY happening: When the Sun warms the Earth, the oceans release more CO², just as your Can of Cola releases more CO² (foam) when you leave out in the sun for too long].
2. Health comes from a needle but not from the human immune system [Dr Steve Kirsch MD confirmed that bioweapons masquerading as "vaccines" and the nano-aluminum and nano-mercury in them cause autism].
3. Saddam Hussein had "Weapons of Mass Destruction". [The authors of this Conspiracy Theory made 8 trillion USD off the Iraq War in 2003-11 and the BBC pushed this Conspiracy Theory for a relatively small kickback.]
4. Osama bin-Laden died twice (2001, 2011).
5. Skyscrapers can be brought down by jet-fuel, or by Muslims wielding box-cutters, or by airplanes, or by various combinations of the latter.
6. In 1969-72, twelve Freemasons dressed up as "astronauts" "landed" on the "Moon", although the surface temperature of the real moon is in fact 120°C.
7. In 1968-72, twenty-four Freemasons dressed up as "astronauts" flew to the "Moon" through outer "space", although the temperature there is MINUS 270° C (each roundtrip in outer "space" taking about 152 hours).
8. "Magic" felt "obliged" to conspire with Lee Harvey Oswald to assassinate President John Fitzgerald Kennedy, which would have been impossible without the "benign" and "considerate" intervention of "magic".
9. American Slavery was "abolished" after the US Civil War of 1861-65. [What really happened: The 13th Amendment, ratified 6 Dec 1865, abolished "involuntary servitude", but preserved "voluntary servitude" which means today's form of slavery (by both consent and ignorance). Then the 14th Amendment, ratified on 27 Jul 1868, transformed ALL Americans, whether Black or White, from sovereigns to subjects (meaning slaves). Hence, REAL American Slavery was in fact launched in the 3 years after the US Civil War, in 1865-68].
10. The terrorist "Axis of Evil" does NOT comprise the USA, Britain, and Israel, but various "other" nations.
11. Terrorists do NOT wear pinstripe suits, but allegedly wear only "jeans and keffiyehs".
12. ISIS, Al-Qaeda and Hamas are not Zionist terror operations being financed by the USA, Britain, and Israel as controlled-opposition groups to solely "fight" in favor of Zionist policy and to always "forget" to attack Israel.
13. During the Zionist attacks of 11 Sep 2001 on NYC, the BBC demonstrated how it had advance-knowledge of what would become the final official-"truth" narrative for this planned event. That is why BBC reporter Jane Stanley announced the "collapse" of WTC7 before Zionist Perpetrator Larry Silverstein had even ordered its demolition.
14. Three Muslim "suicide bombers" attacked London Transport on 7 Jul 2005.
15. The Hindenburg (Luftschiff Zeppelin 129) did not explode due to incendiary bullets but due to "incompetence and static electricity".
16. Michael O'Bomber (born Michael LaVaughn Robinson) bore two daughters (Malia-Ann and Natasha) for his "husband" Barack O'Bomber. In 2025, he finally admitted he is a man:

17. "Male Linda" Gates, ex-"husband" of Bill Gates, bore three children (Jennifer, Rory and Phoebe) for his "husband" Bill. In July 2012, "Male Linda" flashed his powerful muscles and forearms while he was on a bioweapons-genocide tour of Africa as his "husband" Bill looked on, as shown here: <https://ibb.co/K4d698G>.
18. Jean-Michel de Rothschild (known as "Brigitte Macron") bore three children (Sébastien, Laurence, Tiphaine) for his "husband" Emmanuel Macron. In March 2023, ZeroHedge revealed that the "FIRST LADDIE" had lost his transgender lawsuit to magazine "Le Point":
